As special attention is now paid to road-side tree planting it may be well to state what

was done during the year in the way of planting new trees. No young trees were available for planting out last Monsoon.

Dr Bégaillot Jaluka seedlings have been raised in 1,000 pots. The situation where they were kept was exceptionally favourable being at the Kacherri gate, well protected and shaded and near the river. But great credit is due to the Mámlatdár (Rao Sahib Rampa for the active interest which he takes in this work. There is hardly a vacant pot. The seedlings are vigorous & well advanced and now being planted out on the road-side.

Dr Shindi seedlings were raised in 5,000 pots of which about [illegible]

the rest will be kept in the nursery for another year.

In Indi the seedlings in 1,375 out of 1,500 pots have survived & are being planted out.

In Bijapur 2,000 pots were bought and seedlings raised in 700 are ready for plantation now.

In Bagewadi seedlings were raised in 1,000 pots but owing to the qualities of the water of the well beside which they were kept the pots corroded & the seedlings were stunted in growth. Upwards of 200 perished and the survivors are being planted out.

In Hungund Taluka a contract was given for the supply of seedlings but none were planted out.

In Badami 1,000 pots were bought in the end of the year and

and for Mudébihál funds were not available. —

The experience of last year shows that with the average grant for the purpose of the plantation of 500 trees a year in each Taluq it is as much as can be done. The rainfall is most precarious and the climate is dry & parching. The rearing of young trees is therefore both difficult & expensive and can only be carried on slowly.

Bábúl seed was also sown by the Forest Department on 25 miles of road in Bágalkot & Hungund Tálúkás & germinated well. —

The line is narrow guage and the earthworks have been completed from the Kurtgi station on the G. I. P. Railway almost to

to Bijapur while the survey has been carried on to Gadak. The importance of the Railway to this District cannot be overestimated. The great want of the district bounded on the North and South by 2 rivers and intersected by other 2 and by the Don Nullah is easy Communication at all seasons and now that the earthwork is so far advanced and a large sum has been expended from which otherwise no return will be obtained it is to be hoped that the Railway will soon be opened at least as far as fair weather line as far as

The Mankhandi Tank work
has made little progress and
it is now under Consideration
to abandon the embankment
at the present site and to
substitute for it a masonry
dam at a place where the
gorge between the hills is
narrower. By far the most
important public work now
over was the Construction
of the Eastern Deccan
State Railway which is
to pass from Sholapur
through this District to
Gadak. The line is narrow
guage and the earthworks
have been completed from
the Kurdi station on the
G. I. P. Railway almost

to

to Bijapur while the Survey has been carried on to Gadak. The importance of the Railway to this District cannot be overestimated. The great want of the District bounded on the North and South by 2 rivers and intersected by other 2 and by the Don Nullah is easy Communication at all seasons and now that the earthwork is so far advanced and a large sum has been expended from which otherwise no return will be obtained it is to be hoped that the Railway will soon be opened at least as far fair weather line as Lak

at Bijapur.

Another important want is a telegraph line to Bagulkot. This District is isolated & so little has been done for it that it is in a comparatively backward Condition. No Railway lines pass through it and although it is intersected by numerous rivers and Nullahs there is not a single bridge of any size in it. The only bridged road is 17 miles long & on it 6 of the larger Nullahs are left unbridged. Communication even by post is necessarily slow and a telegraph line which would not cost much would be appreciated here more than in

in more highly favoured
districts. With present
arrangements if any emer-
=gency arises it takes at
least 24 hours to com=
=municate with the nearest
Military station. Railway
station or telegraph station.
The necessity for a new
Kacheri for the Manbhoom
at Muddebihal has again
been represented to Govt.
The Kacheri was sanctioned
and the site was bought
but the work is in abeyance
at present.
The Don Nullah Irrigation
project which would have
cost about 25 Lacs has been
disposed of during the year
Lt

days from 19th February 1880, when Mr Cummins had charge of them. - Prior to 15th October - Mr Woodward had charge of these Talukas & both he and Mr Cummins have left notes for the respective periods during which they held charge. -

2. A return of places at which I have resided during the year & the number of days spent at each is forwarded herewith. - (Appendix No 1.)

II. Revenue (a) Jummabundy -

3. The Jummabundi settlement was effected during the periods stated in the margin, of the 1st two Talukas by me & of the last by you. -

Talukas	Commenced	Completed
Bagalkot	14th January 1880 -	3rd February 1880 -
Badami	5th February 1880 -	17th February 1880
Hungund	8th December 1879.	20th December 1879.

4. The results of the settlement are as under. -

Talukas.	Land Revenue.			Syer Revenue.		Local Fund.		Total for collection.
	Remission	Alienation	Revenue for collection.	Revenue for collection	Remission	Revenue for collection	Interest	
Bagalkot	46,939. 15 4	128,673. 13 11		" " " "		8,073. 8 9		136,747 6 8.
Badami	59,580. " 3	91,338. 12. 8.		" " " "		5,432 4. 10		96,771. 4 6.
Hungund	37,426 3. 8	112,912. 7 8.		" " " "		6,930 7 8		119, 842. 15. 4.
Total	143, 846. 3 3.	332,925. 2 3.		" " " "		20,436 5 3		353,361. 7. 6

A comparison with the settlement of last year reported on by Mr Woodward's No 2 of 15th July 1879 gives a net decrease of Rs 15487-7-1 as shown below.—

Talukas	More	Less	Increase	Decrease
Bagalkot	187	5 1 543	10	356 4 11.
Badami	2	68 11 5	9338 2 7	9069 7 2.
Hungund	189	8	6248 3	6058 11 "
Total	645	2 6	16129 15 7	15484 7 1.

The causes of this are given in detail in Appendix II separately for each Taluka. In Bagalkot the decrease is principally owing to lands having been thrown up & to duration sales of Rain or Wasteland having realized less than last year's. On the other hand there is an increase under the head of attached Inams.—

In Badami there is a very large decrease under the head of land

Revenue proper viz about 8500. ~~Pr~~ owing to lands having been thrown up or forfeited by ryots who have left their homes or been unable to pay the Government Assessment. This also serves to explain why there is an increase of about 190 ~~rd~~ under ~~the~~ head of auction sales of grass in waste lands, because grass grown on the lands thrown up or forfeited has been sold & the proceeds credited to Government - There has also been a decrease of 350 ~~rd~~ nearly under the head of judicial paid by suitors but this decrease to be explained by the fact that several Inam lands have become Khalsa owing to various causes. For instance there have been voluntary resignations in some instances, in others (especially service Inams) the persons entitled to serve have gone away or died leaving no heirs &c.

In Nunjundpalaka the decrease is mainly on accounts of lands thrown up viz ~~rd~~ 5760 nearly. of the principal item of increase ~~rd~~ 140 nearly is on

A comparison with the settlement of last year reported in his Woodward No 205 of 15th July 1879 gives a net decrease of 15487-7-1 as shown below.—

Talukas	Nett Mirsi	Less	Increase	Decrease
Bagalkot	187 5 1	543 10 3	" "	356 4 11
Badami	268 11 5	9338 2 7	"	9069 7 2
Hungund	189 8	6248 3	"	6058 11 "
Total	645 8 6	16129 15 7	" "	15484 7 1

The causes of this are given in detail in Appendix II separately for each Taluka. In Bagalkot the decrease is principally owing to lands having been thrown up & to auction sales of grass on waste lands having realized less than last year. On the other hand there is an increase under the head of attached inams.—

In Badami there is a very large decrease under the head of Land

Revenue proper viz about Rs 3500. owing to lands having been thrown up or forfeited by ryots who have left their homes or been unable to pay the Government Assessment. This also serves to explain why there is an increase of about 190 Rs under the head of auction sales of grass in waste lands, because grass growing on the lands thrown up or forfeited has been sold & the proceeds credited to Government. There has also been a decrease of 350 Rs nearly under the head of judi paid by inamdars, but this decrease is to be explained by the fact that several inam lands have become Khalsa owing to various causes. For instance there have been voluntary resignations in some instances, in others (especially service inams) the persons entitled to serve have gone away or died leaving no heirs &c.

In Hungund Taluka the decrease is mainly on account of lands thrown up viz Rs 5760 nearly. of the principal item of increase Rs 140 nearly is on

A comparison with the settlement of last year reported in Mr. Woodward's No 205 of 15th July 1879 gives a net decrease of Rs. 15487-7-1 A.P. as shown below.—

Net.—

Talukas—	More	Less—	Increase	Decrease
Bagalkot	187	5 1 543	10 —	356 4 11.
Badami	2 68	11 5 9338	2 7 —	7069 7 2.
Hungund	189	8 — 6248	3 — —	6058 11
Total	645	8 6 16129	15 7 —	15484 7 1.

The causes of this are given in detail in Appendix II separately for each Taluka In Bagalkot the decrease is principally owing to lands having been thrown up, & to auction sales of grass in waste lands having realized less than last year: On the other hand there is an increase under the head of attached inams.—

In Badami there is a very large decrease under the head of Land

Revenue proper viz about 8,500. Rs owing to lands having been thrown up or forfeited by ryots who have left their homes or been unable to pay the Government Assessment. This also serves to explain why there is an increase of about 190. Rs under the head of auction sales of grass on waste lands, because grass growing in the lands thrown up or forfeited has been sold & the proceeds credited to Government. There has also been a decrease of 350 Rs nearly under the head of judi paid by Inamdars, but this decrease is to be explained by the fact that several Inam lands have become Khalsa owing to various causes. For instance there have been voluntary resignations in some instances, in others (especially service Inams) the persons entitled to serve have gone away or dead leaving no heirs &c.

In Hungund Taluka the decrease is mainly on account of lands thrown up viz Rs 5760 nearly. The principal item of increase Rs 140 nearly is on

account of sales of grass in waste lands.

These large decreases in Badami & Hungund have been I must observe in existence some years though brought to account only last year as explained in para 11 below.

6 No remissions have been granted during the year

7 Takavi advances have been made to a few ryots as shown in Appendix III.

8 The Abkari revenue of these districts is considerable & is managed on the farming system The sums obtained at the public auctions are shown below & show a decrease of Rs. 4,530 while the number of the shops has been increased by two It may be remarked that there are no separate shops for toddy & distilleries

Talukas	Spirits & Toddy		Total	
	Shops	Amount	Shops	Amount
Bagalkot	9	8,936	9	8,936
Badami	13	7,693	13	7,693
Hungund	9	3,922	9	3,922
Total	31	20,551	31	20,551

account of sales of grass in waste lands.

These large decreases in Badami & Hungund have been I must observe in existence some years though brought to account only last year as explained in para 11 below.

6. No remissions have been granted during the year.

7. Takavi advances have been made to a few ryots as shown in appendix III

8 The Abkari revenue of these districts is considerable & is managed on the farming system. The sums obtained at the public auctions are shown below & show a decrease of Rs 4,530 while the number of shops has been increased by two. It may be remarked that there are no separate shops for toddy & also for spirits

(i.e. realizable revenue) ascertained up to that date including those accruing subsequently to the quinquennial. The result is on the whole highly satisfactory as compared with last year when the smallest balance outstanding was more than 14000 Rs. In connexion with this I may state that the present Mamledar of Bagalkot Rao Sahib Santaji Rangaji is the most zealous while Rao Sahib Hanmant Bhimaji, Mamledar of Hungund appears to me to be the least energetic.

10 The season has on the whole been decidedly better than the last as no injuries to any crops were reported. The details of rain-fall which I may observe was much less than the preceding year are marginally given.—

Talukas	Rain fall.—

Bagalkot	27.	38.	2. 21	68
Badami	28	56.	19	96
Hungund	27	48	19	34

11. The general condition & prospects of

of my charge in a material point of view are I have no hesitation in saying decidedly far better than what they were last year. This appears from many considerations - In the 1st place the good crops gathered during the year have enabled a large portion of the purely agricultural classes to recover from their former distress - Very many persons who had left their homes have returned - The arrears of Government have been paid off to a proportionately larger extent - prices too have gone down - The figures of cultivation given below may perhaps when contrasted with those for last year be supposed to oppose this view, but I may observe that in consequence of orders of Government last year many lands which had up till then continued to be entered in the names of defaulting ryots were taken over by Government - thus these figures -

(i.e. realizable revenue) ascertained up to that date, including those accruing subsequently to the Jamabandy. The result is in my opinion highly satisfactory as compared with last year when the smallest balance outstanding was more than 14000 Rs. In connexion with this I may state that the present Mamledar of Bagalkot Rao Sahib Santapa Rangapa is the most zealous while Rao Sahib Hanmant Bhimaya, Mamledar of Hungund appears to me to be the least energetic

Total	552	177	96	96	142	1434	23	186

The performance of their duties by the village accounts has not been very satisfactory. As I had reason to suspect that these accountants were

a general rule neglectful of watching the Government collections made a point of examining the accounts of as many village accountants as I could get hold of in whose villages there appeared to be any outstanding balances. The result justified my opinions as out of a total No of 360 it has been found necessary to reprimand a large No & to fine 106. Three were dismissed & three more have been criminally prosecuted & sentenced. The same holds good of the village Patels. For one Patel has been dismissed another prosecuted & sentenced & besides reprimanding very many 93 have been fined

15 & 16 The following table shows the working of the license tax, the number of appeals heard, the total amount remitted &c. The number of persons assessed, number of appeals &c for 1878 have also been given. —

Classes	Bagalkot			Badami			Hungund

It will be observed from this table that it was the lower orders of traders & dealers (most of whom have been exempted this year.) that felt the incidence of this tax very keenly for the majority of appeals were made by persons taxed at Rs 10 & less than 10 & the same conclusion is borne out by the statistics for the year 1878-79.

a general rule neglectful of watching the government collections - I made a point of examining the accounts of as many village accountants as I could get hold of in whose villages there appeared to be any outstanding balances - The result justified my suspicions as out of a total No of 366 it has been found necessary to reprimand a large No & to fine 106. Three were dismissed & three more have been criminally prosecuted & sentenced. The same holds good of the village patels. For one patel has been dismissed another prosecuted & sentenced, & besides reprimanding very many 93 have been fined.

Total for 1877	2845	13845	376	692	2,316	10,702	219	247	1760	10165	25	19
Total for 1878	3208	13216	234	154	2205	11333	110	157	1457	11504	88	378

It will be observed from this table that it was the lower orders of trader & dealers (most of whom have been exempted this year.) that felt the incidence of this tax very keenly for the majority of appeals were made by persons taxed at Rs 10 & less than 10 & the same conclusion is borne out by the statistics for the year 1878-79

general rule neglectful of watching the government collections - I made a point of examining the accounts of as many village accountants as I could get hold of in whose villages there appeared to be any outstanding balances - The result justified my opinions as out of a total No of 360 it has been found necessary to reprimand a large No & to fine 106. Three were dismissed & three more have been criminally prosecuted & sentenced. The same holds good of the village Patels. For one Patel has been dismissed another prosecuted & sentenced, & besides reprimanding very many 93 have been fined.

15 & 16. The following table shows the working of the License tax, the number of appeals heard, the total amount remitted &c. The number of persons assessed, number of appeals &c for 1878 have also been given. —

Classes	Bagalkot. No. of persons	Total amount	No. of appeals	Amount remitted	Badami. No. of persons	Total amount	No. of appeals	Amount remitted	Hungund. No. of persons	Total amount	No. of appeals	Amount remitted
1	6	1200	1	-	1	200	1	50	3	600	1	-
2	2	300	-	-	-	-	-	-	1	150	-	-
3	1	100	-	-	3	300	2	-	4	400	1	-
4	6	480	2	40	2	160	1	20	5	400	1	-
5	5	300	2	20	6	360	4	60	2	120	-	-
6	11	440	5	20	4	160	1	-	20	800	2	-
7	12	360	6	50	7	210	4	15	10	300	-	-
8	22	550	7	20	7	175	5	23	21	525	1	-
9	32	640	11	25	26	520	18	-	32	640	-	-
10	51	765	17	58	58	870	25	15	48	720	1	-
11	92	920	26	63	113	1130	32	18	87	870	3	-
12	159	1113	19	46	175	1225	24	16	104	728	-	-
13	350	1750	64	109	346	1730	36	12	240	1200	3	3
14	735	2205	88	107	526	1578	20	10	346	1038	7	6
15	1361	2722	128	134	1042	2084	46	8	837	1674	6	10
Total for 1877	2845	13845	376	692	2,316	10,702	219	247	1760	10,165	25	19
Total for 1878	2908	13216	234	154	2205	11,333	110	157	1457	11504	88	878

It will be observed from this table that it was the lower orders of traders & dealers (most of whom have been exempted this year.) that felt the severeness of this tax very keenly for the majority of appeals were made by persons taxed at Rs 10 & less than 10 & the same conclusion is borne out in the statistics for the year 1878 7.

III civil –

17 The number of cases decided by Mamlatdars under Sunday Act III of 1876 & the results of my supervision are given below. –

Talukas	No of cases decided	Number examined	Number referred to the Collector
Bagalkot	5	3	None.

Hungund (for rearing plants)					62-8
Total	6	556			220-4-6

I may observe however that this subject has not been disregarded as at present in two talukas at least the planting of road side trees is giving on so that a decided improvement in this respect may be looked upon next year-

26. The chief wants of these districts are good roads & wells or tanks, as in several villages there is great scarcity

of water - These wants however cannot be supplied all at once but only gradually. -

VI. Municipalities -

27. There are three Municipalities in my charge & their income & expenditure during 1879-80 are given below -

Remarks -

Number.	Names of the Talukas & Towns.	Balance on 1st April 1879	House tax.	Octroi.	Other items.	Total
1.	Bagalkot	2909.35.	5820.2.10		894.13.9	9623.15.7
2	Hungund	1042.12.8	2758.2.2		620.12.9	10041.11.7
3	Bagalkot Talladgi	1095-15-8	19056 5814		46622 40457 14	
	Total	5047 15 9	10480 106 581 4		75647 8 23674 5 11	

the Mamlatdars have visited them all and several of them have been seen by me also.

25- No road side trees were planted during the year & therefore the columns relating to it are blank in the following table -

Talukas.	Planted in former years still thriving		Planted in present year		Amount expended in the year ending on 31st March 1890 -
	miles of road	Number of trees	miles of roads - still alive -	since dead	
Bagalkot	4	380			157-12-6
Badami	2	176			
Hungund (for rearing plants)					62-8--
Total	6	556			220-4-6

I may observe however that this subject has not been disregarded as to present in two Talukas at least the planting of road side trees is giving on so that a decided improvement in this respect may be looked upon next year -

26. The chief wants of these districts are good roads & wells or tanks, as in several villages there is great scarcity

of water. The wants however cannot be supplied all at once but only gradually.—

VI. Municipalities

27. There are three Municipalities in my charge & their income & expenditure during 1879-80 are given below:—

Receipts—

Number.	Names of the Talukas in which Towns are situated.	Balance on 1st April 1879.	Town duties.	Taxes.	Rents.	Other items.	Total
1.	Bagalkot	Bagalkot	2909-3-5	5820 2 10	.. .. ..	.. .. ..	8729 5 15
2	Hungund	Olkal	1042-12-8	2758 12	.. .. ..	.. .. ..	6803 9 11

Badami	2	176	"	"	"	"
Hungund (for rearing plants)						62-8-"
Total	6	556	"	"	"	220-4-6

I may observe however that this subject has not been disregarded as at present in two talukas at least the planting of road side trees is going on so that a decided improvement in this respect may be looked upon next year -

26 - The chief wants of these districts are good roads & wells or tanks, as in several villages there is great scarcity

of water - These wants however cannot be supplied all at once but only gradually - .—

VI. Municipalities -

27. There are three Municipalities in my charge & their income & expenditure during 1879-80 are given below. —

Receipts -

Number.	Names - Talukas of the towns -	No. of months -	Town duties	Octroi	Rents -	Other items.	Total
1	Bagalkot	Bagalkot	2909-35	582026	..	..	894961
2	Hungund	Olkal	1042.128	276822	..	..	620329
3	Bagalkot	Kaladgi	1095-158	190256	5814	..	466224
		Total	5047.159	1048106	5814	..	756478

Numbers	Name of the town	Establishment.	Lighting.	Watering	Conservancy	Fines.	Public works.	Education.	Dispensaries &c.	Miscellaneous	Total
1.	Bagalkot	1433 10 5	200 8		1489 5 4		637 3 5	400	2479 12 8	764 7 7	7404 15 5	2218 15
2.	Ilkal	898 5 10	257 10 10		1008 5 4		1000 11 1	70	2574 8 3	351 10 3	6130 9 7	3874 2
3.	Kaladgi	523 4 4	222 9 11	135 7 6	1331 14 2		325 2 6		364 13 5	2903 3 10	11427	
	Total	2855	147 6 8	0 12 9	135 7 6	3829 8 10	1962 7 0	470	5024 4 11	1480 15 3	16438 12 10	7235 7

There were no important improvement worth mentioning undertaken by the Municipalities - I may observe that the income of all the Municipalities has fallen off owing to several articles having been declared exempt from municipal taxation. The Municipality of Ilkal is the most flourishing of all as it has a balance of Rs 6000 to its credit - The most noteworthy fact which I think — deserves a mention here that the house tax for the Municipalities of Ilkal & Bagalkot has been sanctioned since the 1st of April last & this will it is estimated respectively produce an income of Rs 900 & 2000 a year, thereby making up partially for loss owing to the exemption above alluded to -

I think the Commissioners of all the Municipalities are intelligent & take very great interest in the management of Municipal affairs -

Numbers	Name of the town	Establishment.	Expenditure. — Lighting.	Watering	Conservancy	Drainage	Public works.	Education	Sanitary	Miscellaneous	Total	Balance

I think the Commissioners of all the Municipalities are intelligent & take very great interest in the management of municipal affairs -

VII Public Health

The extent of general conservancy in towns may be inferred from the expenditure shown in the last paragraph. The particulars of the two Dispensaries in my charge are as follows.

Patients			Cost in 1879-80								
Dispensary	In.	Out	Government	Local Funds & Municipal Funds		Contribution		Total			
Regular at Gujrat	44	3906	800	1579	7	8	19	2337	1	8
Hospital	46	4220	1300	1617	4	3		2917	14	3
Total	90	8126	2100	3136	11	11	19	5254	15	11

The total expenditure of the Bajalkot Dispensary during the year shows an increase of about 550 Rs over that of last year but this is owing to the fact that the cost of medicine stores supplied last year was paid during this year. It may be noted that the former Hospital assistant at Bajalkot was transferred last February & his place supplied by the present incumbent Parbatsing Dowalat.

29. As far as I am able to judge from the duplicate vaccination returns received from the vaccinators vaccination has made a more satisfactory progress this year as the total total number of children vaccinated in the three Talukas in my charge is this year 4,100 as compared with 3,802 for last year.

30. The population & resources of my charge according to the annual census taken in July 1879 in village Form No 13 are as follows:—

Talukas.	Human being			Horses	cattle	plough	carts.
	Males	Females	Total				
Bagalkot	42361	41177	83538	2219	64279	6203	1180
Badami	41814	40820	82634	2324	27625	6560	960
Hungund	32814	32009	64823	1803	42388	4321	501
	116989	114006	230995	6346	134292	17084	2641

These figures compared with those given last year show a general decrease except under the head of ploughs - Not having been long in the district I cannot venture to explain the causes of this general decrease but I may be permitted

VII. Public Health.

28. The extent of general conservancy in towns may be inferred from the expenditure shown in the last paragraph. The particulars of the two dispensaries in my charge are as follows:—

Patients		Cost in 1879-80				
Name of Dispensary	In.	Out.	Government	Local Funds & Municipal Funds	Contributions	Total
Bagalkot	44	3906	800	1579 4 8	18	2337 1 8
Hungund	46	4220	1300	1617 4 3		2917 7 3
Total	90	8126	2100	3136 8 11	18	5254 9 11

The total expenditure of the Bagalkot Dispensary during the year shows an increase of about 550 Rs over that of last year but this is owing to the fact that the cost of medicine stores supplied last year was paid during this year. It may be noted that the former Hospital assistant at Bagalkot is was transferred last February & his place supplied by the present incumbent Parbatsing Dowalat.

29. As far as I am able to judge from the duplicate vaccination returns received from the vaccinators vaccination has made a more satisfactory progress this year as the total total number of children vaccinated in the three Talukas in my charge is this year 4,100 as compared with 3,802 for last year.-

30. The population & resources of my charge according to the annual census taken in July 1879 on village Form No 13 are as follows:-

Talukas	Human being			Oxen	cattle	plough	carts
	males	female	total				
Bagalkot	42361	41177	83538	22190	64279	6203	1180
Badami	41814	40820	82634	23234	27625	6560	960
Hungund	32614	32009	64623	18039	42388	4321	501
	116989	114002	230991	63463	134292	17084	2641

These figures compared with those given last year show a general decrease except under the head of ploughs - Not having been long in the district I cannot venture to explain the causes of this general decrease but I may be permitted

VII. Public Health.

extent of general conservancy in towns may be inferred from the expenditure shown in the last paragraph. The particulars of the two Dispensaries in my charge are as follows.-

Name.	Patients			Cost in 1879-80.			
	In.	Out.	Total	Government	Local Funds & Municipal Funds	Contributions	Total
Bagalkot	44	3906	800	1579	1 8	18	2337 1 8
Hungund	46	4220	1300	1617	14 3		2917 14 3
Total	90	8126	2100	3136	15 11	18	5254 15 11

The total expenditure of the Bagalkot Dispensary during the year shows an increase of about 550 Rs over that of last year but this is owing to the fact that the cost of medicine stores supplied last year was paid during this year. It may be noted that the former Hospital assistant at Bagalkot was transferred last February & his place supplied by the present incumbent Parbatsing Dowlatsing.

29. As far as I am able to judge from the duplicate vaccination returns received from the vaccinators vaccination has made a more satisfactory progress this year as the total total number of children vaccinated in the three Talukas in my charge is this year 4,100 as compared with 3802 for last year.-

30. The population & resources of my charge according to the annual census taken in July 1879 in village Form No 13 are as follows:

Talukas.	Human beings			Oxen	cattle	plough	carts
	males	females	total				
Bagalkot	42361	41177	83538	22190	64279	6203	1180
Badami	41814	40820	82634	23234	27625	6560	960
Hungund	32814	32009	64823	18039	42388	4321	501
	116989	114006	230995	63463	134292	17084	2641

These figures compared with those given last year show a general decrease except under the head of ploughs - not having been long in the district I cannot venture to explain the causes of this general decrease but I may be permitted

to observe that these figures were nearly one year old and this consideration would suffice to show that the results of this comparison are therefore not at all inconsistent with what has been briefly stated about the present condition of the people in my charge in para 11 ✱

The mortuary & other returns of a general statistical nature have been tested in several villages. The general conclusion at which I have arrived on this point is that the village officers as a rule are quite indifferent as to these returns which they prepare in the most perfunctory manner - The examples which I have made of several village officers will, it is hoped serve as a warning to the others & ensure greater accuracy in this respect in future.

31. No special disease or epidemic has made its appearance this season -

VIII Education.

32. The number of schools in my charge & of school-houses specially erected for them are shown in the subjoined table. —

Talukas -	Anglo Vernacular	Primary	Nos. of Government school houses. —
Bagalkot	1	19	7
Badami —	..	14	7
Hungund -	..	16	9
Total	1	49	23

The orders of Government have been very strict as regards the state of the schools in this among other districts & I therefore made it a point of visiting as many schools as I possibly could & making inquiries about the causes of the falling off in attendance wherever I noticed any such result. I have communicated with Educational authorities regarding irregularities & other matters - I have visited all the schools in Hungund Taluka all but two in Badami (four of them a second time) & 11 of Bagalkot Taluka -

33. The library of this office is in
